Paper Penguin

Materials Needed:

- A Pair of Scissors
- Glue Sticks
- Black, White, & Orange Construction Paper
- Googly-Eyes (Optional)
- A Pencil
- A Helpful Buddy

Step 1: Take your black construction paper and draw out two different size circles on the paper. You should have one big one and one smaller one. This will be the body of your penguin. Then cut-out your circles with your scissors. Also make and cut-out two triangles.

Step 2: Take your orange construction paper and create 2 big triangles for the feet and a small triangle for the beak of your penguin. Cut- them out as well.

Step 3: Take your white construction paper and draw out two different size circles on the paper. You should have one big one and one smaller one. These circles should be slightly smaller than your black ones, because it will be the face and stomach of your penguin. Then cut-out your circles with your scissors.

Step 4: Glue your black circles together by connecting them by the tops. Do the same with your white circles and then glue them to black circles. You now have body for penguin

Step 5: Glue your black triangles to the sides of your penguin body and your feet to the bottom of the body. Also take your orange triangle and glue it to the face of your penguin.

Step 6: Glue down the googly-eyes and if you don't have googly eyes you can always just draw on a pair of eyes with a black marker.

Step 7: YOU NOW HAVE A PAPER PENGUIN!!!
